About blinkx

blinkx plc (LSE AIM: BLNX) is the world's largest and most advanced video search engine. Today, blinkx has indexed more than 35 million hours of audio, video, viral and TV content, and made it fully searchable and available on demand. blinkx's founders set out to solve a significant challenge – as TV and user-generated content on the Web explode, keyword-based search technologies only scratch the surface. blinkx's patented search technologies listen to – and even see – the Web, helping users enjoy a breadth and accuracy of search results not available elsewhere. In addition, blinkx powers the video search for many of the world's most frequented sites. blinkx is based in San Francisco and London. More information is available at www.blinkx.com.
